Hello from A&K Down Under,

This year has been one full of change, especially in the way that we travel. Australia has a kaleidoscope of spectacular landscapes just waiting for intrepid explorers and we're excited to be bringing it to our guests a little differently. A&K Australia and New Zealand's team of Journey Designers have crafted a new collection of exclusive Air Safaris which lets travellers, and their chosen travelling companions, discover remote parts of our country at their own pace and in supreme comfort aboard a chartered Citation X, the world's fastest midsize jet. The eight-day air safaris are for no more than eight guests, crossing state borders to combine the country's most scenic and cultural attractions.

Get a bird's-eye view of breathtaking natural wonders, discover gastronomic gems, and explore ancient landscapes with expert local insight. From the dramatic landscapes of Western Australia's Kimberley to the

diverse wildlife of South Australia's Murray River, these new Air Safari adventures offer an unforgettable escape with family and friends, travelling in style, comfort and cocooned luxury. Explore some of the suggested itineraries below, and start planning for an Australian adventure when the time is right.
