ITINERARY

1 Arrive in Kigali

Upon arrival at Kigali International Airport, you will be met by our representative and transferred to your hotel.

Kigali, Rwanda's capital, has been at the centre of the country's dedication move past their tragic history stronger and better than ever. The city has been hailed one of the cleanest, safest and prettiest capital cities in Africa. This is unsurprising considering the substantial strides Rwanda has taken to ameliorating the country, from its ban of plastic bags, to the implementation of Umuganda which sees a monthly coalition of all citizens to clean up their neighbourhoods.

Hidden away amongst the thick rainforest of Volcanoes National Park in the northwest of Rwanda lives one of the planet's most endangered species: the gorilla. The park, which contains five out of the eight volcanos of the Virunga Mountains, is the most accessible gorilla national park in the world and is home to 10 habituated groups of this glorious creature.

After an early breakfast, drive to Volcanoes National Park HQs to be allocated a gorilla tracking group. After a briefing by your trackers, you will drive to the trail head for the start of an amazing adventure.

The Mountain Gorillas, in the Parc National des Volcans, are part of a worldwide population of just about 1000 individuals. Once the gorillas are located, you will be allowed a maximum of one hour with them. This is one of the world's truly memorable experiences – a look into one of these magnificent creatures' eyes brings home the bond that exists between them and us.
