EUROPE

PRIVATE SHORE EXCURSIONS
2022-23

WELCOME

From our European offices, based in the UK, Italy, and Spain, we offer private shore excursions for cruise line guests arriving in over 50 ports across Europe. This allows guests to travel in the privacy of their own party, but also to customise their tour to suit their individual

interests. All of our excursions include entrance fees to all sights and museums listed in the itinerary, along with all taxes. Furthermore, we provide a 24-hour emergency contact service on the ground, should you or your clients ever need to contact us.

It is my pleasure to introduce our exciting new shore excursions portfolio, encompassing a wide selection of full-day and half-day excursions from ports across Europe. Time is a precious commodity for cruise-line guests who may only dock in each port for a day at a time but we recognise that, though time may be short, our guests still seek real experiences and a depth of understanding that expands their appreciation of their chosen destination.

As you look through this brochure, I hope you will understand just what sets A&K apart and allows us the opportunity to welcome your guests for an experience they won't forget.
