ITINERARY

1 Fly to Masai Mara National Reserve

The Masai Mara is easily accessible from any East African safari destination with frequent daily flights from Nairobi.

The jewel in Africa's crown, Masai Mara is host to the most spectacular array of wildlife. Her 1,510 square kilometers (583 square miles) of open savannah, woodlands and tree-lined rivers create an eco-system which supports huge numbers of bird and mammal species. Lion are found in abundance throughout the park as are elephant, giraffe, a variety of gazelle species and zebra. Cheetah and leopard are also regularly seen and, if lucky, you may also find rhino.

Game viewing is never dull in the Mara, and patience is often rewarded with unique sightings: a pride of lion stalking their prey; a solitary leopard retrieving its kill from the high branches of an acacia tree; male wildebeest sparring to attract females into their harem; or even a herd of elephant protecting their young from opportunistic predators. The annual wildebeest migration traditionally is present in the Mara from July - September and at this time nature's dramas unfold before your very eyes at every turn.

2 Masai Mara

Morning game drive in the full splendour of one of the world's most densely populated wildlife areas, the famed Masai Mara. In the afternoon you have the option to visit a Masai Village, a fascinating cultural experience.

The colourful and vibrant Maasai people are one of the few communities in Kenya to retain their culture and traditions. You are welcomed into the village with a traditional dance followed by a guided tour by the chief. He also gives a brief talk to the group about the lifestyle of the Maasai people. You are then introduced to some of the families and invited into their homes where you have the unique opportunity to see how they live.
